Cost...
\$38

Value...

In dollars = \$150-700, depending on the situation
In well-being = Priceless, due to the Rest Easy factor

The same person who prepared your tax return will represent you, not someone else or another company

Includes the cost of preparing amended returns, which is all that's required in most cases (value = \$150-200)*

*Note, this Plan does not include coverage for taxes due and does not seek to find fault. Other plans offer to pay additional taxes due when the tax preparer is at fault. However, the odds of this happening are not in your favor. The Tax Lady LLC finds that clients receive letters from the IRS because they forgot a tax document or did not realize a circumstance was a taxable situation. These instances require a phone call, letter, or amended return. The Rest Easy Plan covers you for these services whereas other company's plans require you to pay for them, unless the preparer is at fault. Please see the reverse side of this paper for The Tax Lady LLC's policy when she is at fault for a mistake on your tax return.
